## CDP-S350

### Compact Digital Piano

The CDP-S350 delivers terrific piano sound and feel, plus so much more. It includes a huge collection of amazing Tones and Rhythms plus songwriting tools to bring your music to life.

A newly-designed scaled hammer action keyboard features precise key weighting on each of the 88 keys, with simulated ivory and ebony key surfaces.

The CDP-S350 delivers piano authenticity in a slim unibody case that's barely larger than the keys themselves. Weighing only 24lbs and capable of running on AA batteries, the CDP-S350 provides unprecedented levels of portability and convenience.

There are 700 brilliant Tones to explore, including a stunning stereo concert grand piano. Use the pitch bend wheel to create gestures for various types of instruments. Plus you can bring in the band with a library of 200 auto-accompaniment Rhythms, which cover a whole world of musical styles. Use the 6-track MIDI recorder to capture your inspiration and save it to a USB drive.

Listen via the built-in stereo speaker system or practice quietly at any time with your favorite headphones. A bright, backlit LCD display and easy front-panel controls keep you in command.

Download the free Chordana Play for Piano app, and connect via USB to your favorite iOS or Android device to make adjustments to your CDP-S350, as well as play your favorite MIDI files. The CDP-S350's USB port is class compliant, and can also connect to any Mac or PC with no drivers or installation needed.

Includes power supply, music rest, and sustain pedal.
