

LK-175

Teaching with Lighted Keys

The Casio LK-175 combines the fun of sampling sounds with a comprehensive teaching system in one, unique and portable keyboard. The 61 lighted keys and Casio's Step Up Lesson System assist the user so they can learn to play music and gain experience. The new Sound EFX Sampler and built-in microphone make it quick, easy and fun to record sounds and incorporate them into a song.

Easy Sampling / Built-in Mic

The new Sound EFX Sampler allows you to record any sound and integrate it into the rhythm. The built-in microphone makes it easy.

Make Learning Fun

The LK-175 has lighted keys and Casio's Step up Lesson System to help beginners learn to play piano and discover the world of music.

Get Connected

Stereo Aux Input

The LK-175 features an Aux input for connecting your MP3 player or other devices allowing you to enjoy the stereo speaker system in multiple ways. In addition, the LK-175 USB MIDI port is ready for computers and even iOS devices without the need for drivers. Of course there is also a headphone connector for quiet practice.

Power...Included!

Not only is the LK-175 a powerful keyboard but unlike other companies, Casio includes the AC adapter with all full sized keyboards so you can start making music right away.
