Song and Pattern Sequencing

The WK-6600 and CTK-6200 feature a 17 track sequencer that acts as a multi-track recorder for real time recording of music. The rhythm editor allows editing of up to eight tracks to create original accompaniment from multiple built-in rhythms. Registrations with custom splits and layers can be stored for easy recall in live performance.

Power...Included!

Not only are the WK-6600 and CTK-6200 powerful keyboards but unlike other companies, Casio includes the AC adapter with all full sized keyboards so you can start making music right away.
